College of Agriculture and Life Sciences

Invites you to learn more about the college’s
Online Master of Agricultural and Life Sciences

Learn more about how the program could be a good investment for you, a friend, a family member, or an employee from:

Dr. James Anderson, Assistant Professor and Director of Distance and Graduate Education

Dr. Susan Sumner, Associate Dean and Director of Academic Programs

Current Students and Recent Alumni of the Program

Virginia Tech’s Online Master of Agricultural and Life Sciences program is uniquely positioned to meet the evolving and dynamic needs of today’s agricultural professionals, offering concentrations in the areas of education, environmental science, food safety and biosecurity, leadership studies, and plant science and pest management.

This degree provides practical application taught by faculty experts who are both in the classroom and in the field, researching and practicing what they teach daily.

The online format will allow you to study the world-class curriculum that Virginia Tech is known for, while earning the same regionally accredited degree as an on-campus student. With this tailored educational experience, you will graduate from the program with greater knowledge of industry competencies to effectively and strategically lead in one of the dynamic agricultural and life science industries.

Learn more about the five concentrations:

- Education
- Environmental Science
- Food Safety and Biosecurity
- Leadership Studies
- Plant Science and Pest Management
